

CAP 'N DAN

BIOGRAPHY

Daniel Cole is an accomplished entertainer whose specialty is the combination of wholesome comedy, juggling (*with some very unusual objects*), magic and creative concepts.

A natural comedian, he is the type guy who will make you laugh even when he's not trying. His juggling act developed while performing for family audiences at fairs, festivals and schools where he learned to work squeaky-clean. He still does work clean, even in smoky comedy clubs.

He is a dual citizen of Canada and the USA and is currently based in Toronto.

His earlier work included stints with **Toronto's Second City** and as a regularly featured performer in **A Little Night Magic**, the Magic-Comedy Cabaret which was a vital part of Toronto's live theatre scene for over ten years.

In Canada, he appears frequently on TV **shows** and has been repeatedly engaged by the **Ontario Science Centre, Canadian National Exhibition** and is a regular presenter at the **Gemini Awards**.

A Gemini nominated documentary, **Yellow Brick Roads**, about Dan Cole's unusual career, has been televised in 38 different countries.

The Corporate community has found Dan Cole's creative talents beneficial in a variety of ways. As companies need to be certain that shows they present reflect a high standard of quality they use Dan to both entertain and deliver their concepts in a striking manner. His satisfied corporate clients number in the hundreds.

Internationally, Cole works comedy clubs on both sides of the border. He has done extensive touring on behalf of the **United Nations** and the **Canadian Armed Forces** in Germany, Cypress, Israel, Haiti, Egypt and even the North Pole: yes, at Christmas! He has also delighted cruise ship audiences around Alaska's Inside Passage and on both the Mediterranean and Caribbean Seas.
