

# TROPICAL ISLANDERS

## *BIOGRAPHY*

Tropical Islanders perform Caribbean and Calypso island sounds. Their music makes you feel as if you are on a breezy endless sandy beach with beautiful blue waves rolling to shore. Authentic island style duo, Lynda plays pan steel drum while Trevor plays keyboards and carries vocals. Along with traditional island music many well know songs that you can hum along to are included in island style.

Tropical Islanders are first call when Island sounds are requested having played Casino Niagara events as many as 30 times. In early 2000 they were asked to play At Slots Woodbine for one month and were continued by popular demand. They have performed at other OLG sites as well ... Slots Western and Kawartha.
